

PPPA 2019 SPRING NEWSLETTER

March 28, 2019

Dear Pinon Park Pool (PPP) Members,

The apricot tree at the Pinon Pool is blooming, a sign of Spring! The snow has melted off the winter cover, and it no longer rests on the water. So, it is time to think about Spring cleaning and pool memberships! Martin Schauer emailed membership forms to the 2018 members in January of this year, and the 2019 membership and waiver forms are available on the PPP website at www.pinonpool.com. Please note the due dates for the membership forms with payment so that you do not incur a late fee! Please tell your neighbors and friends that Pinon Pool has memberships available. The one-year membership fees remain the same as in 2018.

The first Opening Work Party is scheduled for April 27th. Many hands and able bodies are needed to remove the equipment from storage and install it after the winter cover is removed from the pool. There will also be cleaning, painting, and yard work to be done, before the pool can open on May 25th. The Board cannot accomplish all the tasks on their own, we need you the members to help, and this can satisfy your volunteer fee waiver requirement.

Mychael Garcia has been hired again as manager of the Staff for 2019. Applications are being reviewed for lifeguards and basketroom attendants. If you have an eligible family member who would like to work at the pool, there is a job application on the PPP website. Staff training will be on May 18th. There is still time to apply before May 1st.

The Board of Directors is still looking for more Board Members. Allison Zane had to resign due to other obligations, and there are several vacancies available. Please contact a Board member or email them at ppp-board@pinonpool.com if you are interested.

The Board is anticipating a wonderful summer of retreating from work and demands at home, to relax at Pinon Park Pool's oasis near the White Rock business district. Imagine the crystal-clear water beckoning you to take a dip, and afterward reclining in the sun or under the canopy. Come join us in the refreshing clean water and family-friendly atmosphere! Great entertainment for your children and grandchildren (as in my case) or guests visiting from out of town or friends locally.

Sincerely,

Leilani Christensen, President
PPPA Board of Directors
